Clarifications/Help Desk/Updated Notes from Q & A for FIG Development 1

General Notes:

- Un-coded elements 'U' which are permitted are listed in the tables and have a value of 0.10 for DV. They will fulfil the same criteria as A value elements.
- "Unpermitted dismount" is a dismount which has been performed, but not at the difficulty value specified.
- The penalty for this is 0.30 which is taken as a neutral deduction, however if the difficulty value performed is greater than the specified value, the higher value will be treated as the specified value and will also incur the 0.30 deduction.

Vault:

- FIG deductions apply

Bars:

Diagram for FIG Development 1 Bars – Un-coded element (value - 0.10) – Cast to above 45°

Beam: Conditions for bonuses

- The maximum bonus that can be awarded for a series of 3 elements, is 0.40 (connections with more than 3 elements will still only earn 0.40).
- The mixed series bonus (0.20) can only be awarded if not used in conjunction with any other bonus.
- A combination of 3 elements may not be used to gain mixed bonus twice (0.20 + 0.20) example W-Jump-Flic-Sissone.
- A gymnast may perform as many different bonus connections of 2 mixed elements or 3 consecutive elements within the maximum time limit.
- N.B The specific connection of 3 flics (same or different) will be awarded 0.40 bonus.

Clarifications/Help Desk/Updated Notes from Q & A for FIG Development 2

Bars:

- A sole circle (5.108,5.105,5.106 in the Code of Points) may be used as a close bar element once only (backwards and forwards).
- If the sole circle is used to get to the high bar from the low bar, it is considered complete in conjunction with the hands letting go of the low bar.
- The same close bar element (except sole circle) may be repeated for CR1 but will receive difficulty value only once.

Beam:

Floor:

- Saltos with B value may be performed at any time during the routine, but to avoid penalty there **MUST** be a B salto performed in the last acrobatic line.

**FIG Development 3 - 11 years minimum. For gymnasts who have passed Compulsory 3 in 2023.
To progress to British Championships 2025, gymnasts must have achieved a working at or higher in Excel Grade 3.**

Clarifications/Help Desk/Updated Notes from Q & A for FIG Development 3

Bars:

- FIG deductions will be applied for bent legs in sole circle, but the jump to high bar will not attract FIG uncharacteristic element deductions.
- Cast squat, stoop, or straddle onto low bar, jump to high bar will not attract FIG uncharacteristic element deductions, but no DV will be given for this move.

Beam:

- Acrobatic elements may be with or without flight for bonus.

Floor:

- One leap or hop in the dance passage must have a 180° split with no tolerance (0.50 penalty).
